No: 4779 MOC.NCh

Phnom Penh, 03 December 2019

Notification

The Ministry of Commerce would like to inform all producers or exporters that according to Inter-ministerial Prakas 1627 MoEF.BrK dated 28 December 2018 of the Ministry of Economy and Finance and Ministry of Commerce and according to the regulation of the European Union (EU), the Kingdom of Cambodia has participated in the implementation of the Registered Exporter System (REX) of the European Union for exports of all types of goods from the Kingdom of Cambodia to the European Union under “Everything But Arms (EBA)” and Generalized System of Preferences (GSP) of Norway, Switzerland and Turkey in order to be eligible for Statement on Origin instead of Certificate of Origin (CO) from 01 January 2019 to 31 December 2019. The Ministry of Commerce has seen that since notifications were issued three times until now, a large number of companies that export to the European Union, Norway, Switzerland and Turkey have not come to apply for registration as per the notifications of the Ministry of Commerce.

To avoid any loss of tariff preferences for exports of goods from the Kingdom of Cambodia to the European Union market and Generalized System of Preferences (GSP) of Norway, Switzerland and Turkey, any producers or exporters who have not registered with the Registered Exporters System (REX), please hurry to come to register with the Registered Exporters System (REX) in order to be eligible for Statement on Origin instead of Certificate of Origin (CO) Form A no later than 31 December 2019.

Meanwhile, to facilitate the procedures for exporters who come to register with the REX, company managers (not document brokers and representatives who do not share responsibility in the company) who are legally authorized by the shareholders listed in the company’s statute have the right to sign application documents and adjustment to the REX registration.
